

BROME AND OAKLEY

Brome and Oakley are rural villages in north Suffolk. They are physically separate ribbon settlements, bounded by the Eye Airfield industrial development and the busy A140 trunk road on the western margin of Brome, and with the B1118 designated lorry route running through Lower Oakley. Traffic speed and safety are therefore significant concerns of many parishioners, as is the protection of the natural environment and the villages' rural character.

Local Issues raised:

- Improvement needed on junctions with the A140 to make them safer for turning traffic.
- Rat-running on minor roads
- Impact of planned growth at Eye Airfield and in Eye
- Proportionate housing growth
- Provision of better public transport links to sustain employment opportunities in rural locations

Brome & Oakley Steering Group representatives are:

Roger Broughton and Ursula Halton

I moved to Oakley three and a half years ago from Hitchin in Hertfordshire. I live here with my wife. We have two grown-up girls, both living and working in Hertfordshire.

I retired 18 months ago after 33 working in international telecommunications; the last 12 years of which were running my own consulting and contracting business. I have a BSc in Geology and an MSc in Mineral Chemistry.

I'm Chair of Brome and Oakley Parish Council, and have lived in this area most of my life. I am a Director on the board of Eyes Open CIC Ltd which is a local arts centre company, and I also work part-time at a retailer, a Reiki teacher and a patisserie cook for private clients.

I moved back to Suffolk in 2000 after working for 15 years in the City Of London within the stockbroking and banking sectors.
